These garments are manufactured by Ballyclare under externally-audited Article 11B accreditation. Under the European Union Directive 89/686/EEC on personal protective equipment (PPE), Article 11B is an externally-audited accreditation and ‘System for ensuring quality of production by means of monitoring’ and relates to the consistent and compliant manufacture of complex (“life saving”) PPE. This means you can be confident Ballyclare Article 11B garments have been manufactured with an approved quality-control system that not only requires auditing of the system documentation, technical files and production site, but also of other premises involved in the process such as head offices and design offices.

More information about PPE Standards can be found at ballyclarelimited.com

The company operates to the highest standards and is accredited to the quality standard BS EN ISO 9001:2008 and the environmental management standard BS EN ISO 14001:2004.

Ballyclare is a verified member of BSIF (British Safety Industry Federation) and is a BSIF Registered Safety Supplier. It is proud to be a Platinum Partner of the Chief Fire Officers Association and a member of the Fire Industry Association.
